- CSS3
- SCSS/SASS
- JavaScript
- Python
- React
- Node.js
- Express.js
- MongoDB
- Mongoose
- ODM
- Responsive Web Design
- RESTful APIs
- Git/Github
- CRUD principles

VOLUNTEER

Bethel University Orchestra - Community Player
2017-2021

North Texas Symphony Orchestra - Community Player
2014-2016

Web Development Projects

journ.ey - Server Rendered Journaling App - MongoDB, Express, Node.js (MEN Stack) - https://nicole-satya-project.herokuapp.com/
- Built back-end application with full create, read, update, delete (CRUD) operations hitting all RESTful routes
- Utilized Sessions to program a user login and signup authentication experience
- Created a two model relational database with MongoDB to allow the app more functionality
- Integrated open-source APIs, such as Summernote and Slick, to enhance the user experience

Wanderer - Full Stack Travel Community App - React, MongoDB, Express, Node.js (MERN Stack) - https://wanderer-frontend.herokuapp.com/
- Worked within a group of four to build an app to client specifications and utilized Git Collaboration for version control
- Built React components to efficiently render site information, providing the user with a seamless website flow
- Maintained data for two, non-relational models using Mongoose and MongoDB

Roo - Full Stack Room/Roommate Finder App - React, MongoDB, Express, Node.js (MERN Stack) - https://roo-client.herokuapp.com/
- Developed a robust app that allows users to view room listings and roommates by executing a two model relational backend with MongoDB
- Employed Express Sessions to program a user login and signup authentication experience
- Deployed conditional rendering and state manipulation in React components to control the user experience based on signed in status
- Executed design with SCSS to keep code dry and maintainable through the use of variables
- Implemented the locationIQ API to allow users to view the location of a listed room

Work History

Sales Floor Manager | October 2019 - June 2021
Ali on the Boulevard - South Bend, IN
Achievements
- Developed strong and lasting rapport to improve customer service and retain valued clients, reflected in the monthly returning customer rate of 61% for Q3 and Q4 of 2020
- Led team to grow average order sales by 15% and to beat monthly sales goals by 10%, for Q1 and Q2 of 2021, through training on effective sales techniques
- Researched retail market trends and presented ideas for Fall 2020 Virtual Fashion Show to the owner, collaborated with her on implementation, and coordinated including community members and loyal customers as models. Amassed over 1,300 views on Facebook and led to uptick in store and website traffic.

Human Resources Expert | August 2014 - April 2019
Target - South Bend, IN

I was responsible for providing support to store leaders and team members, aiding in the systematic allocation of hours to reflect the store's needs, fostering a supportive learning environment, and maintaining routines that satisfy federal, state, and local laws and regulations.

EDUCATION

Clay High School | August 2009 - June 2013
High School Diploma - South Bend, IN

Graduated w/Academic Honors
3.98 GPA | National Merit Scholar | National Honor Society
